

Beds

Bed layouts and size

Alcove categories

- ❑ The sizes of the bunk beds (for 2 people) are in general 0.90- 1,0 m in width and 2 m in length. The upper bunk bed has a protection so that you do not fall out.
- ❑ The size of the double bed in the alcove is in general 2 m in length and 1,60 in width. There is a protection so that you do not fall out.
- ❑ The size in the double bed in the category Luxury is 2,0 m long and depending on the brand, 1,40-1.60 m width.
- ❑ The sizes of the bed in the sofa/ table area in the alcove motorhomes are somewhat smaller than the rest of the double beds. The length is approx 1.80 x 1,20 width and these bed are more appropriate for 2 children than 2 adults.

Semi-integrated categories

- ❑ The measures of our Family compact plus beds are long-beds (in the rear of the motorhome) are 2 m x 0,80 m. When you make this bed into a double bed it turns into a 2 x 0,8 m long bed + an extra approx. 0,54 cm in the middle. The bed is thus approximately 2.14 m in width and 2.06 m in length.
- ❑ The roof bed in the Family compact plus is 1.40 m in width and 2 m in length. There is a protection on both side of the bed so that you cannot fall out.
- ❑ The long-beds in the Compact plus(placed in the rear of the motorhome) are 2,0 m x 0,80 m. When you convert this bed into a double bed it turns into a 2 x 0,80 m bed plus an approx. 54 cm space in the middle. Thus this bed is then approx 2.14 m in width and 2.06 m in length.

NOTE: The sizes provided are standard, your specific motorhome may have a slightly different size.

Campervan

- ❑ The measures of the campervans' double beds are 197 cm long x 157 cm wide.

NOTE: The sizes provided are standard, your specific motorhome may have a slightly different size.
