

# Cleaning upon return of the motor home

# Check list

- ❑ The customer is expected to carry out a basic cleaning before returning the motorhome. This includes:
  1. Emptying refrigerators and cabinets of food and packaging, as well as discarded before arrival at the station.
  2. Collection of private property for smooth evacuation.
  3. Collection of any rented bed linen and towels placed in the accompanying three plastic bags - one for pillows, duvets and mattress covers, one for sheets and towels and the third for wet towels.
  4. Basic cleaning in the form of removal of obvious soiling such as stains on mattresses and cushions, in the kitchen, in the bathrooms or on the floor. Washing up in the kitchen. Sand, blades of grass, etc. are collected and thrown away.

In the event that any of the above is not met, you risk up to SEK 2,000 deduction on your deposit.

# Info

As part of Skanditrip Essential package, additional professional cleaning inside the motorhome, steam sterilisation of the kitchen, toilet, cab and garage, as well as external washing are included.

If you have dog(s), it is mandatory to purchase the additional extended interior cleaning service.

In the event of outside washing of the motor home by the rentee during the rental period, a high pressure cleaner can not be used - the pressure can damage the vehicle
